110th ANNUAL REPORT

Fiscal Year

July 1, 2001 to June 30, 2002

CITY OF

RUTLAND, VERMONT

This Annual Report of the City of Rutland is Dedicated to

**All of the Victims, Firefighters, Police, Rescue Workers
and Volunteers who were involved in the tragic events
of September 11, 2001.**

The tragic events of September 11, 2001 still linger in the hearts and minds of all of us. Our lives are forever changed, as is the world we live in. Many, many innocent lives were lost in the unprovoked and cowardly attacks on the World Trade Center, the Pentagon and in Shakesville, Pennsylvania. These were just ordinary, working people going about their jobs, their normal routine on a beautiful sunny, September morning and their lives were snuffed out in an instant by the horrendous acts of terrorists. Families were destroyed; fathers, mothers, sons, daughters, relatives and friends. But our nation is strong and we WILL survive, thanks to the united support of our entire nation. To our firefighters, police, rescue workers and volunteers we owe you our eternal gratitude. To the victims, their families and friends, our hearts go out to you, along with our prayers.

The cover of this year's Annual Report of the City of Rutland illustrates what our Rutland City Firefighters accomplished in their efforts to aid 911 victims and the families of their fallen brothers. Rutland City Fire Department alone, collected approximately 4000 stuffed animals and approximately \$70,000, generously given by people from all over the Rutland area.

On November 3rd, 2001, we boarded a Premier Bus, rented and donated by Central Vermont Public Service Corp. for a trip to New York City, organized by fire fighter, Michael Barrett. Local firefighters and their families, Mayor Cassarino, his assistant, and Chief Robert Schlachter and residents of Rutland stopped at fire stations throughout Manhattan and Brooklyn delivering all of the donations.

Our cities and towns from all over this great nation have rallied together in unity and resolve like never before to let the whole world know that we will never forget September 11. Our country will continue to seek justice and forever be bound in unity to see that these victims did not die in vain. We WILL remember.

GOD BLESS AMERICA!

Mayor's Message

John P. Cassarino, Mayor

**To The Honorable Board of Aldermen
and the Citizens of Rutland:**

The fiscal year of 2002 started with the formation of Rutland's United Neighborhoods, RUN. I founded RUN for the purpose of bringing our neighborhoods together to help in the fight against drugs and crime. This organization has been a valuable asset since its inception, providing unlimited information to our police dept. as well as creating a safe, clean and caring environment among our neighborhoods.

The City's Rooms, Meals & Entertainment Tax went into effect on July 1st, 2002. The bulk of this much needed revenue was used for public safety. We hired a firefighter that was promised to fill a vacant position created by our early retirement plan. We also re-hired a dispatcher that had been laid off previously due to budget restraints. We hired two police officers which enabled us to form a two-man drug unit for the city. This unit has proven to be extremely important in our fight to curb drugs in the Rutland area.

September brought the fifteenth anniversary of our Sister Agreement between Ishidoriya, Japan and Rutland Vermont. Rutland sent a delegation of seventeen people, which was led by myself and City Attorney Sullivan. We enjoyed our trip and had a wonderful time at this celebration.

On the day of the tragedy, September 11, 2001 the city attorney and myself had boarded a plane for Honolulu. The rest of the delegation was unable to leave as scheduled due to the terrible, horrific events of September 11th. Mayor Gibun Otake and the City Council of Ishidoriya arranged for hotels and meal accommodations for our entire Rutland Delegation and we are grateful for their kindness and generosity.

While we were away our fire department rose to the occasion, along with the people of the Rutland area to raise approximately \$70,000.00 and 4,000 stuffed animals to be given to the Firefighters Fund and New York City Fire Departments to be delivered at a different date. (See the Cover of the City Report along with the Dedication.)

Two Thousand and Two also saw the retirement of Fire Chief Gerald Lancour and the hiring of our new fire chief, Robert Schlachter. We have found Bob's knowledge of terrorism and emergency management to be invaluable during the stressful times.

The year Two Thousand and Two was also the beginning of the Rutland Elders Advisory Board, which I implemented with the primary purpose and goal to work closely with all agencies serving Rutland's senior citizen population. The Board has been meeting monthly and doing an excellent job.

I also created the I.T., Information Technology committee being coordinated by Assistant City Engineer Alan Shelvey, which is a committee to develop a web site for the City of Rutland and direct the city in their move toward E-Government.

Alan Shelvey also spearheads another new project that we are working on this year, G.I.S., which is the Geographical Information System. There have been many new projects that we have started this year and many old ones that we are still working on. Among them are the relocation of the railroad yard. Senator Jim Jeffords was very helpful to us in obtaining a grant for 1.5 million dollars to be used towards that venture. For the coming year 2002-2003 we were able to secure \$750,000.00 with the help of our delegation in Montpelier; \$400,000 for the railroad relocation and 350,000 to identify and work on improvements for Routes 4 and 7. There has been a great deal of cooperation between the City and Town on these ventures. Regional cooperation is essential for this area to succeed and this shall continue to be a priority.

Rutland Downtown looks great. We are continuing with the ornamental lighting throughout the Downtown Business District. Again this year we received the Tree City USA Award and we are going to continue our ongoing process of keeping up your streets. This year our sidewalk paving program has been initiated and so far, has been very successful. We are striving to upgrade the sidewalks of city neighborhoods, continuing throughout the entire city over the next couple of years.

This past year Rutland's Wastewater Treatment Plant won national recognition from the United States Environmental Protection Agency by placing first in the country for the Plant Excellency Award for Operations and Maintenance of this facility in the year 2000.

In the Recreation Department we have started a new program called "Adopt a Park." This program is being used to update many of our playgrounds and with the help of many volunteers and General Electric employees, Monsignor Connor Park is near completion.

I would like to take this opportunity to thank my department heads as well as all city employees for all of their hard work and tireless efforts for the people of Rutland.

A special thanks to Superintendent of Schools, Mary Moran for providing an attitude of understanding and willingness to communicate and foster a vital working relationship between the School Department and City Hall.

Report of the President of the Board of Aldermen

Sharon Davis, President

To the Citizens of the City of Rutland:

It is with pleasure that I submit the annual report of the Board of Aldermen for fiscal year 2002.

First I would like to recognize and thank the past President of the Board Christopher Louras for his dedication and service to the City of Rutland and its Citizens.

It has been a busy and productive year for the Board and its committees. Regional cooperation with Rutland Town and Woodstock has proven beneficial to the community. We have been able to secure funding to begin improvements on Routes 4 and 7 and to continue the progress on the Rutland Railyard relocation project. As this project moves forward we will be developing a working relationship with other towns along the rail corridor helping to increase the rail potential and improve the economic impact for the region.

The board is now reviewing zoning and this process will be completed by the end of the year. The new zoning will replace the outdated version of the 1940's, allowing growth and development to occur within a proper district and maintain the protection of the residential neighborhoods.

We are also involved in a process with the Administration to bring the City departments into the age of technology and provide web pages and online services. This will coincide with another committee that is working on the Marketing Rutland, a project which is a public and private collaboration.

Recreational issues are also before the board by supporting improvements to our local parks and moving forward on the issue of a Regional Recreation facility.

Whatever issues the city may face in the coming year the Board of Aldermen will stand ready to meet them in the best interest of the City and its Citizens

In conclusion, on behalf of the Board of Aldermen I would like to thank the Mayor, Departments and all City employees for working cooperatively with the Board and to the Citizens of Rutland for their continued support.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R.J. Graves, City Treasurer

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Taxpayers of the City of Rutland. Myself and staff are pleased to submit to you the Annual Report for the year ending June 30, 2002.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the taxpayers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the taxpayer's dollars. This office publishes a comprehensive Financial Report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of \$404,305.18. This fund balance is directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 2001. The City's total Bonded Indebtedness as of June 30, 2002 is \$11,839,084.09. Interest on that debt totals \$3,917,913.53.

The City also maintains Water, Sewage Disposal, and Parking Meter Funds in addition to a number of Trust and Agency funds.

The Financial Report will be audited by an independent certified public accounting firm. The audit was designed to meet requirements of the City, State, and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff by the Finance Department which is made up of the Treasurer's Office, Data Processing Department, and Purchasing.

**Report of the Building Inspector/
Zoning Administrator**
**James P. Simonds, Inspector/
Zoning Administrator**

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

I am pleased to submit to you the annual report of the activities of the Building and Zoning Department for the fiscal year ending June 30, 2002. This year 1,175 Certificates of Occupancy were issued.

The breakdown for construction that has taken place this year is as follows:

216 Building Permits were issued:	<u>Value</u>
New Commercial Construction	\$ 2,652,028.00
Commercial Renovations	3,438,359.50
New Residential Construction	1,747,469.00
Residential Renovations	1,488,008.75

Total Fees Collected:	\$ 27,754.86
-----------------------	--------------

Other:	<u>Fees Collected</u>
54 Electrical Permits	\$ 1,590.00
22 Sign Permits	900.00
21 Board of Zoning Adjustment Hearings	1,800.00
8 Subdivision Hearings	1,375.00
2 Proposed Zoning Changes (no fees)	

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, the City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Report of the Board of Zoning Adjustment

Stephanie A. Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Board of Zoning Adjustment is pleased to submit the annual report for fiscal year 2002. Members: Stephanie A. Lorentz, Chairperson, Andrea Hubbard MacLauchlan, Martha Hogan Henry, Diane Sabatano, Jeff Washburn, Michael Brookman and Stephen Reilly.

We held 21 Public Hearings for variance requests. Hearings are scheduled on the 1st and 3rd Wednesdays of each month and are held in Aldermanic Chambers. The hearings are warned to give advance notice to the public so they may participate in the hearing. Our obligation is to determine whether or not the statutory five criteria were satisfied, to investigate discrepancies and interpret the Zoning Ordinance, as written.

The Board wishes to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, Zoning Administrator, Carol Wagner, Clerk, Zoning Board and the Mayor for their continued support of our efforts.

Report of the Legal Department

**Christopher P. Sullivan,
City Attorney/Grand Juror
Henry C. Brislin,
Assistant City Attorney**

**To the Aldermen and Citizens of the
City of Rutland:**

The Legal Office continued to provide advice and legal representation to the Mayor, Board of Aldermen, Department Heads and the various Boards and Commissions of the City throughout the 2002 fiscal year.

During the 2002 fiscal year the office acquired the services of Andrea Wilder as our assistant. Andrea's efforts on behalf of the office have helped to provide better service to all departments of the City.

The Legal Office has continued to implement risk management strategies to avoid as many legal actions against the City as possible and prevent injuries to individuals working, living and visiting our City. Working with the Vermont League of Cities and Towns will assist in our efforts to implement further risk management strategies to make Rutland a safer place to work, live and visit. The office also works with Rutland's United Neighborhoods to improve the quality of life in our community.

Fire and Police Union contracts expired as of July of 2002 and negotiations began with the Fire and Police Unions. These negotiations are continuing as of this writing.

The City Planning Commission completed its total rewrite of the City of Rutland Zoning Law and passed this on to the Board of Alderman for its review and eventual approval. The City zoning has basically remained mostly unchanged since 1948, and this effort is a total revamping of that zoning to modernize it. This office is working closely with the Board of Alderman in this rewrite.

Additionally, this office has continued working closely with Mayor Cassarino, the Board of Aldermen, and the department heads assisting in the management of City Government with great emphasis on increasing the Grand List, increasing efficiency, and reducing costs focusing on the best interests of the taxpayers of the City.

This office assists the Building and Zoning Department, Mayor's, City Clerk's, Treasurer's and Tax Assessor's Offices, Department of Public Works, Fire, Police and Recreation as well the Rutland Redevelopment Authority and Rutland Partnership by providing legal advice, research and representation in litigation as well as negotiating contracts and mediating disputes among other practical and legal work.

It's been a busy and productive year. It's been a pleasure representing the interests of the City and this office looks forward to continuing to provide the legal services to the City of Rutland this coming year.

Office of the City Clerk

Darlene A. Gregory, City Clerk

To the Citizens of the City of Rutland:

The following is the report of the City Clerk for the year ending June 30, 2002.

The City Clerk's office has had a few personnel changes in the past year. Sharon H. Mazzariello, a fifteen year employee of the City Clerk's office, retired from the city in May of 2002. Sharon is greatly missed by her friends at City Hall and we wish her well in her future endeavors. Susan Clark is our new First Assistant Clerk and in charge of Elections and Patricia Carbine is our new Second Assistant Clerk and in charge of the Land Records. Their cheery dispositions and superior work ethics are a welcome addition to our busy office.

Our office has also been busily updating our voter checklists and changing our computer programming to comply with the changes caused by the Legislative Apportionment. We have moved our Vital Records into what was the old land record vault, making these records much easier to access and safeguard.

As always, I would like to thank Mayor John Cassarino, the Board of Aldermen, all the City Departments, my co-workers in the City Clerk's Office and the people of the City of Rutland for their continued support. I look forward to serving the people of the City of Rutland in the year to come.

FY 2001-2002 Revenue generated by the City Clerk's Office

Total: \$200,334.36

LAND RECORDS:

16,841 pages of land records were received, recorded and microfilmed by our office. The cost of recording land records is \$7.00 per page. This fee is set by state statute.

VAULT RESEARCH:

2,560 people signed into the City Clerk's vault to research land records and vital records. The vault is open to the public from 9:00 a.m. until 4:45 p.m. Monday through Friday at \$2.00 per hour.

VITAL RECORDS:

Certified copies of Rutland City Vital Records are available at \$7.00 for each copy. These may be obtained by stopping into our office or by mail. If you stop in it only takes a few minutes to receive a certified copy.

LICENSES:

Our office issued the following licenses to date for the current licensing year:

60	First Class Beverage Licenses
33	Second Class Beverage Licenses
59	Tobacco Licenses
1	Bowling Alley
10	Circus, Fair & Carnival Licenses
72	Coin Machine
12	Entertainment Club Permits
2	Farmers' Market
10	Hotel/Motel/Inn
10	Peddler/Solicitor/Transient Merchant
23	Pool Table
115	Restaurants and Victualing Establishments
2	Theater

DOG LICENSES:

1102 dog licenses were issued to date. We begin issuing dog licenses the second week in January of each year. All dogs 6 months or older must be licensed. The deadline for licensing dogs throughout Vermont is April 1st of each year. After April 1st dogs must still be licensed but there is a penalty fee in addition to the regular license fee.

DOG LICENSE FEES:

Spayed or Neutered Dogs licensed before April 1st:	\$ 9.00
un-spayed or un-neutered Dogs licensed before April 1st:	\$13.00
Spayed or Neutered Dogs licensed after April 1st:	\$11.00
un-spayed or un-neutered Dogs licensed after April 1st:	\$17.00

To license a dog in Vermont you must provide the clerk with an original Vermont Rabies Certificate and if the dog has been spayed or neutered we must also see the spaying or neutering certificate. Sorry, dogs cannot be licensed through the mail.

ELECTIONS:

Changing your voting address or registering to vote:

If you are registered to vote in Rutland City and have moved to a new address within the City you may change your voting address over the phone by calling our office at: 773-1801.

If you have moved here from another town or State you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes.

March 5, 2002 Annual City Election

Eligible voters:	11,486
Ballots cast:	2,158
Percentage of voter turnout:	18.79%

The following officers were elected:

Aldermen: (2 year term)

David Allaire, Sharon Davis, William Gillam Jr., Gregory M. Thayer,
Roy W. Thomas

Aldermen: (1 year term)

Al Wilkinson

School Commissioners: (3 year term)

Bruce A. Bishop, Wayne T. Cooke, Michael R. Dick, Debra Z. Marro

Election Officers:

Ward 1

Ward Clerk, Theodore J. Wierzbicki

1st Inspector, Janet O'Brien

2nd Inspector, Reba C. Wierzbicki

3rd Inspector, Irene E. Melen

Rutland County Women's Network & Shelter	\$10,000
Rutland Mental Health d.b.a.	
Rutland Area Community Services	\$30,000
One to One Program, Retired Senior	
Volunteer Program, Southwestern	
Vermont Council on Aging and	
Interage	\$36,975
VT Adult Learning/Adult Basic Education	\$9,000

**2002 Legislative Apportionment
Moving of Voting Ward and District Lines**

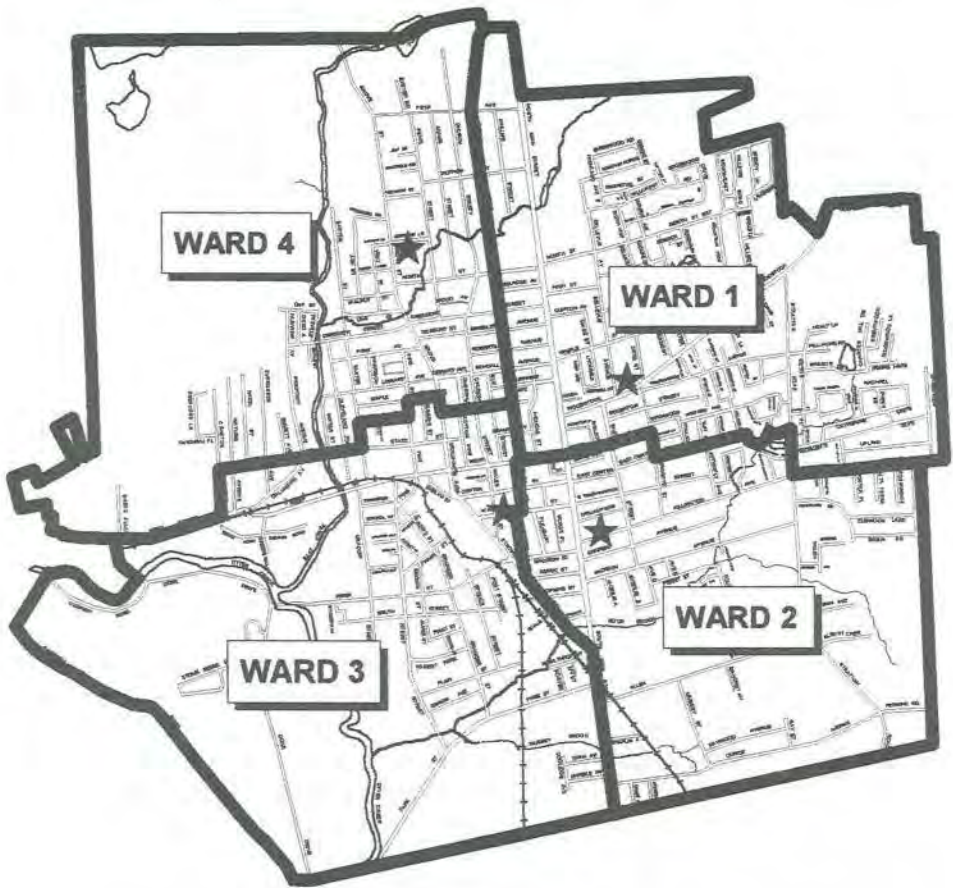

The State of Vermont has undergone a Legislative Apportionment. Legislative Apportionment, in brief, is a process that Vermont has to follow every ten years following the release of the U.S. Census results. According to the 2002 Census reports, Rutland City's population has decreased over the last ten years and now equals 17,272 people. By Vermont State Law Rutland City no longer has the population to support 5 State representatives and must redraw the City's Ward lines to support 4 State Representatives.

The Rutland City Board of Civil Authority was provided with the latest census maps and has adjusted and reassigned the City's population to establish equal population in the voting districts. This redistricting was passed and enacted into law by the Legislature on June 13, 2002. Registered voters, who's voting address was changed, will be sent a postcard in August of 2002 notifying them of their new voting place.

A small copy of the new district map and a list of the polling places follows:

District/Ward 1	Senior Citizen Center	Deer Street
District/Ward 2	Christ the King School	Killington Avenue
District/Ward 3	American Legion	Washington Street
District/Ward 4	Calvary Bible	Meadow Lane

Ward 3 - American Legion

Ward 4 - Calvary Bible Church

Rutland Fire Department

Robert L. Schlachter, Jr., Chief Engineer

**To the Honorable Board of Aldermen
and the Citizens of the City of Rutland:**

It is my pleasure to report on the status of your Fire Department. On November 1, 2001 Chief Gerald Lancour officially retired after a long and distinguished career with the Rutland Fire Department. We wish to thank him for his dedicated service to the City of Rutland.

On November 1, 2001 I had the great honor and privilege to be sworn in as your new Fire Chief by Mayor Cassarino. The Rutland Fire Department has a long history of providing service to the city and surrounding area. The department continues to update equipment and training to serve the emergency needs of our community.

The events of September 11, 2001 touched the lives of every American. The loss of 343 Firefighters and many other emergency responders and civilians in the attack on the World Trade Center and Pentagon caused all of us to pause and reflect on what it means to live in America and to serve our communities. Within hours of the attack members of the Rutland Fire Department made themselves available to respond to New York if needed.

Several days later they started a drive to raise funds and collect stuffed animals for the children of fallen firefighters. This effort was started when it became apparent that few would be rescued from the WTC site. Members of the Rutland Fire Department wanted to do something very personal to help the families. During this effort over \$70,000 was collected in Rutland along with over 4,000 stuffed animals. We would like to thank the people of the Rutland Area for their generous support at this special time. We would also like to thank the neighboring emergency service organizations in Rutland County who also collected funds for this effort.

On November 3, 2001 members of the Rutland Fire Department, their families, friends city officials and the public boarded a bus donated by Central Vermont Public Service Corporation and loaded with over 4,000 stuffed animals. We traveled to New York City to hand deliver the precious gifts donated by the people of the Rutland Community. On that day we visited 11 fire stations where many firefighters who made the ultimate sacrifice had been stationed. This was an experience none of us will ever forget. Our thanks go out to the members of our community who made this mission possible.

Mayor Cassarino transferred the Emergency Management function of city government to the Fire Department. This in addition to our emergency response activities and other community service projects has given us new challenges and opportunities. The terrible events of September 11, 2001 have brought attention back to emergency planning and preparedness. The department was successful in obtaining a \$7,500 Emergency Planning grant to begin updating the City Emergency Plan. Additional grants may be available in the future to allow for emergency drills to test the updated plan and the response capabilities of the City and surrounding communities.

The fire department was also successful in obtaining a grant for the purchase of mobile emergency communications equipment for the fire department as well as the Rutland Police Department, Rutland County Sheriffs Department, Regional Ambulance Service and the Rutland Town Fire Department. This equipment will help coordinate our efforts at a natural or man-made disaster.

Additional Grant Funds were authorized for the purchase of a Decontamination Trailer with Operations Level Hazardous Materials Response Equipment and mass decontamination capability. This equipment will not only benefit us in the unlikely event of an incident involving terrorism it will also be used in the city and the region in the event of a hazardous materials incident requiring decontamination of emergency responders and victims. The total value of this grant is \$42,000.

An additional grant has been obtained in the amount of \$3,566 for the purchase of firefighter protective clothing allowing us to purchase more sets of protective gear for our firefighters with our limited budget.

The department has applied for additional state and federal grants and we will continue to do so in the future. These grants allow us to leverage our limited resources to provide better service to our community.

TRAINING

Each day members train to maintain and improve their emergency response skills. Several members attended the Southern Vermont Regional Fire School and the National Fire Academy in Emmitsburg Maryland. Members also served as instructors at the Southern Vermont Regional Fire School. Members of the Rutland Fire Department's Aircraft Rescue and Firefighting Team attended re-certification training in New Hampshire.

EQUIPMENT

The department fleet consists of 4 Engines, 1 Aerial Platform, An Alarm Service Vehicle and a Support Service Truck. In April we took delivery of a new American La France Pumper/Ladder combination unit called a "quint" this will serve the city well for many years. The Board of Aldermen approved the purchase of 16 new portable radios for use by our personnel. This resolved a major safety issue.

PERSONNEL

We lost a brother, Charles Oczechowski, passed away after a valiant fight with cancer. Members of the department worked closely with his family during his illness. His funeral was an example of the brotherhood the fire service shares. Our thoughts and prayers continue to be with his family. We would again like to say thank you to everyone who may have helped in this time of need.

The department promoted two substitute firefighters to permanent status during the year. Firefighter Scott Mangan was appointed to fill the vacancy on the C-shift. Christopher Johnson was appointed to fill a vacancy on A shift. Both new firefighters were active substitute firefighters with the Rutland Fire Department for a number of years. We wish them well in their career with the Rutland Fire Department.

YOUR FIRE DEPARTMENT AT WORK

During the fiscal year the Rutland Fire Department responded to 726 alarms and 985 special service requests. There were no general alarms. There were 52 second alarms transmitted for fires and emergencies requiring an additional shift. Of these second alarm calls 34 were in Mendon, which we cover under contract. There were 4 third alarms transmitted, a third alarm brings in all full time personnel. We also responded to 6 requests for mutual aid to surrounding communities as part of the Rutland County Fire Mutual Aid System.

In addition to responding to alarms, members of the department presented many fire prevention and public fire safety education programs, did many hours of work on the fire alarm system, repaired a number of traffic signal problems and hung many banners downtown for community events.

THE FUTURE

The Rutland Fire Department is looking toward the future. The events of September 11, 2001 have created a new interest in emergency planning and response in our community and the nation. The department is in the process of training to perform decontamination and will be taking courses designed to enhance our response capability to natural and man made disasters. We will be working with other city departments and fire departments in surrounding towns to better meet the emergency needs of the city and region.

In closing, the Fire Department would like to thank the Mayor, Board of Aldermen, City Hall Staff Members, the School Department, Police, DPW and all city officials and employees who assisted the Fire Department during the past year. A special thanks goes out to the citizens of our city who support their Fire Department. We would also like to thank our Mutual Aid partners who assisted is in many ways during the past year.

Finally, I would like to thank those officers and members of the department who have worked with me since I took office in November 2001.

Planning Commission

John A. Facey, III, Chair

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

This Report will summarize the activities of the Rutland City Planning Commission during the fiscal year beginning July 1, 2001 and ending on June 30, 2002. The Planning Commission completed a proposed redraft of the City's Zoning Ordinance in FY 2000 and then worked on a proposed revised Zoning map in 2001. Public hearings were conducted this past year and in May the proposed redraft was sent to the Board of Aldermen for review and hearings as required under the law.

The Planning Commission reviewed approximately 11 Subdivision Applications during the recently completed fiscal year. All but one application was approved. Most were issued with conditions. The Commission held two public hearings on proposed new zoning regulations for the City. The Planning Commission has two seats on the Rutland Redevelopment Authority Architectural Review Committee that reviews all development proposals in the Downtown District. A number of proposals were reviewed during the course of the year.

The Commission consists of Jack Facey, Chair, Theodore Robare, Vice Chair, James Pell, Susan O'Rourke, Kathleen Valente, Carolyn Baker, Peter Giancola, Alvin Figiel, and Bob Stafford. The Planning Commission meets on the first and third Wednesdays of the month at 7:00 P.M. in the Aldermanic Chambers.

The Planning Commission wishes to thank Mayor Cassarino, City Attorney Christopher P. Sullivan, and Zoning Administrator James Simonds and our secretary, Barbara Allen, for their advice and assistance as well as those citizens who attended our public hearings and gave us the benefit of their thoughts and experience.

Rutland Regional Planning Commission

The Commission's Mission is to "provide leadership and technical expertise to encourage cooperative planning with and among the region's Communities and area wide interests; and, strive to improve the quality of life for people in the region by promoting harmony between sustainable economic development, environmental interests and other planning issues."

In pursuit of that Mission, the Commission continued to work closely with the region's 27 communities to create a cooperative and positive planning process and:

- Provided technical assistance on community development issues – including planning, zoning, mapping, build-out analysis, subdivision– to Benson, Brandon, Clarendon, Castleton, Danby, Middletown Springs, Hubbardton, Fair Haven, Pawlet, Pittsford, Proctor, Poultney, Rutland City, Rutland Town, Shrewsbury, Sudbury, Tinmouth, Wallingford, Wells and West Rutland;
- Assisted Hubbardton, Poultney, Rutland City, Wallingford, Rutland Town and communities within the Solid Waste Alternatives Committee, apply successfully for funds through the Municipal Planning Assistance Grant program;
- Continued our very successful cooperative purchasing program which has saved the towns of Chittenden, Hubbardton, Ira, Killington, Pawlet, Shrewsbury, Tinmouth, Wells and West Rutland as well as in Castleton, Clarendon, Danby, Fair Haven, Mendon, Middletown Springs, Poultney, Rutland City, Wallingford, substantial amounts on their fuel oil, diesel and gasoline;
- Continued support of the Rutland Region Transportation Council in their planning for the future transportation needs of the Rutland Region and closely cooperated on the preparation of an updated Rutland Region Transportation Plan;
- Greatly expanded the capacity of the GIS (geographic information system) to provide expanded mapping, data, and community analysis;
- Worked with the Rutland Economic Development Corporation, and the Rutland Region Chamber of Commerce, on a regional strategy to better coordinate community development, economic development and travel and tourism activities;
- Revised and re-adopted the Rutland Regional Plan;
- Assisted communities with emergency management planning;
- Hired additional staff to better serve the Region's communities;
- Continued to offer training programs to municipal officials and to pay for those programs related to planning and zoning and other community development issues.

Please join us as we continue these and other efforts to generate regional cooperation and make planning in Rutland County a truly grassroots process.

For the fourteenth consecutive year, dues will remain at \$500. All communities are voting members of the Commission regardless of whether or not they pay dues. Dues paying members receive discounted technical services and are able to participate in the cooperative fuel purchasing program.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2002.

The Grand List at April 1, 2002 totaled \$689,919,947 which reflects an increase from April 1, 2001 of \$2,929,440. After adding new construction and renovations and subtracting for demolitions the Grand List grew in categories of residential and commercial with a net gain of \$4,112,872. The machinery and equipment dropped \$1,183,432. Therefore, the actual growth in the Grand List for this year is \$2,929,440. The increase in the real estate continues to grow in a positive fashion albeit slowly. The taxable machinery and equipment was \$55,660,809 last year and we dropped to \$54,477,377. I see two contributing factors for this dip. One reason is that we use net book value which allows the tax payer to depreciate the asset over the life of the equipment. We had a \$5.6 million increase in year 2000 and assets retained are being depreciated. Over the years the personal property is relatively stable and we see blips as replacements take place and the effect of interest rates and credit. The second contributing factor is more difficult to track but the effects of the tragedy of September 11, 2001 that shook our nation either wiped out or caused organizational havoc with businesses that this City had dealings with at One and Two World Trade Center.

The equalization rate for F/Y 01-02 is 95.02%, which is the ratio of assessed value to actual sales in the marketplace. This statistical information is more important than ever before because with the implementation of Act 60 it is a contributing factor in our education tax rate. I feel very good about both the equalization rate and our coefficient of dispersion because it is an indication of accuracy and fairness. With the real estate market improving, the combination of these factors has reduced the number of grievances brought forward. The coefficient of dispersion has grown since our last citywide reappraisal in 1988. What this statistical tool tells us is what most folks in the residential market know and that is that our assessments for tax purposes lag behind what residential real estate is selling for. That is good for buying and selling. Along with favorable interest rates, the Rutland market is hot. It is my job to make sure everyone is being treated fairly. Absent a reappraisal or a recession, taxable values will be lower than purchase prices.

We are presently working toward upgrading our software to accommodate the Assistant City Engineer's Geographic Information System (GIS) and with the help of two college students, our own Samantha Louras and Kirstin Wing, the photos of all City properties will become part of our database. With the implementation of a soon to be purchased software package designed specifically for Computer Assisted Mass Appraisal (CAMA), we will be able to bring more information to citizens and agencies.

The nice thing about it is that the costs of these upgrades are from a designated fund that we have been accruing for eight years. The funds in the account come from the State as reimbursement for doing the equalization study and per parcel counts for special projects this office performs. Our goal is to network with the

City Engineer and Building and Zoning. Tasks like procuring abutters will become easier and quicker. No City tax dollars have been expended.

With over 400 building permits a year to look at and visit sites, it takes a great deal of time. I want to thank all the people I meet at their home. Greeting the Assessor is not high on people's list of things to do and I appreciate the spirit in which I am received. People in our City are very nice. We work with appraisers and real estate professionals on a daily basis. I appreciate their courtesy.

I thank my secretary, Marlies Washburn, in helping to carry out this important City function. It is my pleasure to work for you in our great little City.

Police Department

**Anthony L. Bossi,
Chief of Police**

To the Honorable John Cassarino,
Board of Aldermen and
Citizens of the City of Rutland:

I respectfully submit the Annual Report for the activities of the Rutland Police Department for FY02, July 1, 2001 to June 30, 2002. During the past year the department has faced many challenges and I am pleased to report through teamwork and assistance from others, the department has successfully met those challenges. As always, I would encourage citizens to contact the department with specific questions or concerns. In this summary I will attempt to highlight areas, which I believe are the major developments within the police department.

Three new officers were added to the department this past year. Debra Spafford, Frank Post, and Keith Lorman have all been sworn in, and we welcome them. Sgt. Richard Fitzsimmons took a medical retirement this year, after many years of dedicated service to the citizens of the City of Rutland. We thank Sgt. Fitzsimmons for his service to the city and wish him well in retirement.

Additionally, Rod Pulsifer was promoted to the rank of sergeant and Charles Hall was promoted to the rank of corporal, we wish them well in their new positions. Also, Sgt. Kevin Stevens received the Vermont Department of Health Division of Alcohol and Drug Abuse Program Directors Award.

The Police Department and the Rutland Public Schools Department have continued their joint efforts with the School Resource Officer Program. The Rutland Police Department currently has two officers in the schools and has applied for a federal grant for a third officer; this is a very successful partnership, and we want to thank the school department for their support.

In order to reduce the alcohol and drug abuse problem, we must always remember it must be addressed on three fronts: Prevention, Enforcement and Treatment.

The School Resource Officer's Program and Rutland's United Neighborhoods, (RUN), are two of our best programs in dealing with prevention. By getting involved with your neighbors through RUN and getting involved with the youth of our community you can make a difference. Remember, Rutland is a great place to live, work and play. Rutland and the State of Vermont are one of the safest places to live in the country, but you still must remember to lock your homes, your cars, be aware of your surroundings, and report any suspicious activity.

Through the efforts of Lt. Kevin Geno the department received a first place award in the Vermont Law Enforcement Challenge for developing, deploying and supporting effective traffic safety measurers from the Governors Highway Safety Program. Always remember, click-it-or-ticket, and no red light running.

Captain Tucker and the Department Safety Committee completed work on the Departments Physical Fitness Program and the program was implemented during this year.

This year the department received a \$50,000 LLEBG grant; a \$40,000 grant for drug enforcement, a \$20,000 Highway Safety Grant, a \$38,000 driving under the influence grant, a \$3,500 DARE Grant and the Rutland Public Schools contributed \$40,000 toward the School Resource Officer Program.

Approximately 80% of crime in Rutland is alcohol and drug abuse related. During the period October 1, 2001 through June 20, 2002 Rutland Police opened 69 drug cases, which resulted in 88 arrests. During the calendar 2001, 201 persons were arrested for driving under the influence in Rutland. In the calendar year 2001 Rutland County was #5 for Part I Crimes in the state and #2 in population for the state. Windham, Chittenden, Lamoille and Washington Counties had a higher crime rate than Rutland County.

The department continues to promote training for our officers. Department manning is presently at forty sworn officers and ten civilian positions. Personnel have logged over 8000 training hours. This not only ensures that officers meet the minimum state training requirements, but also ensures that your police department is able to provide more professional service utilizing the most up to date methods.

The department continues to benefit from the assistance of the Rutland Police Commission. The members of the Police Commission volunteer their time and expertise to the department and their dedication is deeply appreciated.

I would also like to express appreciation for the support that the department has received from Mayor Cassarino and the Board of Alderman, other city departments and surrounding law enforcement agencies. I believe the citizens have greatly benefited by these joint efforts. Finally I would personally thank all members of my department for their dedicated service and firm commitment to producing the best possible police service.

The definitions for Part I and Part II crimes used in the Vermont Crime Report are specified by the Federal Bureau of Investigation as part of their national Uniform Crime Reporting program. The standard definitions are used by all law enforcement agencies across the nation to ensure uniformity and comparability of crime data.

PART I CRIMES

Criminal homicide –

- a. Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to:
 - 1) the killing of a felon by a law enforcement officer in the line of duty; and
 - 2) the killing of a felon by a private citizen.
- b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a Part I crime, it is not included in the Crime Index.

Forcible rape – The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used - victim under age of consent) are excluded.

Robbery – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary – breaking or entering - The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny – theft (except motor vehicle theft) -The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are theft of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, "con" games, forgery, worthless checks, etc., are excluded.

Motor vehicle theft – The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

PART II CRIMES

Forgery and counterfeiting – Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

Fraud – Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting.

Embezzlement – Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing – Buying, receiving, and possessing stolen property, including attempts.

Vandalism – Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Sex offenses (except forcible rape, prostitution, and commercialized vice) – Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

Drug offenses – State and local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

Family/children (Offenses against) – Non-support, neglect, desertion, or abuse of family and children.

Liquor violations – State or local liquor law violations, except "drunkenness" and "driving under the influence." Federal violations are excluded.

Disorderly conduct – Breach of the peace.

Simple assaults – Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Weapons; carrying, possessing, etc. – All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.

Prostitution and commercialized vice – Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

Gambling – Promoting, permitting, or engaging in illegal gambling.

Vagrancy – Vagabondage, begging, loitering, etc.

Driving under the influence – Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

All other offenses – All violations of state or local laws, except those listed above and traffic offenses.

Department of Public Works

Warren E. Conner, Commissioner of Public Works

**To the Honorable Board of Aldermen
and Citizens of the City of Rutland**

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 2001-2002.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. This Department is responsible for the day to day maintenance and operation of city streets, sanitary sewer collection mains (including the Alpine Pipeline), storm sewer system, water distribution mains, protection of the city watershed, the operation and maintenance of the wastewater treatment plant and its associated pumping stations, and the reservoir, water nitration and water storage facilities.

The Department also works closely with the City's Building and Zoning, Emergency Management, Attorney's, Police, Fire and Recreation Departments, as required, in both emergency and routine situations. The Department also provides technical and logistical support to the Rutland Redevelopment Authority and the Downtown Partnership.

The Public Works Department responds to citizen concerns and complaints on a daily basis and emergencies on a 24-hour on-call basis. Citizens are reminded to contact the Police Department if an emergency arises when the Department's business office is closed.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would also like to thank Mayor John Cassarino, the Board of Aldermen and the other department heads for their cooperative and courteous attitude towards the Department.

The Department of Public Works will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Warren E. Conner, P.E., L.S., Commissioner and City Engineer

Alan Shelvey, P.E., L.S., Assistant City Engineer

The Engineering Division provides engineering and technical services for each division of this Department and for all other Departments within City government. It compiles and updates records of the City owned utilities and street system and locates and marks out City owned utilities as requested for the benefit of contractors, property owners and others performing work that may impact those utilities. Contractors are reminded that "Dig-Safe" does not mark out City utilities. Please call the DPW before digging in the City.

This Division prepares plans, contracts, easements, deeds and other documents required for the completion of various City projects. We also review technical designs and specifications for city projects let out to bid, and for streets and utilities built by developers that will be taken over by the city upon completion. Documentation and submittals for various State permits are often prepared by the Engineering Division.

In addition to its routine work, in Fiscal Year 2001-02 the Engineering Division:

- Administered the contract for the repairs to the West Street Bridge over East Creek. This work was partially funded by a grant from the Vermont Agency of Transportation. Giancola Construction Company of Rutland performed the work, which was completed in the fall of 2001.
- Administered the GIS Needs Assessment and Implementation Plan study that was funded in full by a Municipal Planning Grant from the Vermont Agency of Commerce and Community Development. Mann Environmental of Richmond Vermont performed the study and delivered the final report in April of 2002.
- Continued work on the development of a citywide Geographic Information System (GIS). This project received a considerable boost when, on August 6, 2001 the Board of Aldermen authorized the expenditure of funds from the Capital Projects account to be used for aerial photography and updated base mapping of the City. A contract to do the work was awarded to The James E. Sewall Company of Old Town Maine. Color aerial photos were taken on December 3, 2001. Digital files showing the locations of all major features visible in the photos (e.g. buildings, trees, fire hydrants, swimming pools, light poles, etc.) are expected to be delivered in September 2002. This data will be usable in the developing GIS and has saved us literally years of field work.
- Assisted the Rutland Redevelopment Authority and the Planning Commission in preparing various maps for use in the updated City Master Plan.

Other projects that this Division was involved with include the construction of a second finished water storage tank at the reservoir, the installation of decorative lighting in the downtown area, continued planning for the replacement of Dorr Bridge (River Street over Otter Creek); the Railyard Relocation Project, and the Downtown and Gateway Signage Study.

The Division reviewed 216 building permits in conjunction with the Building Inspector's office.

The Engineering Staff consists of Warren Conner, Peter Kelley, and Alan Shelvey.

City Forest and Ornamental Trees

David S. Schneider, City Forester and Arborist

The City Forester and Arborist is responsible for the care and maintenance of all City owned ornamental trees and the 4,000 acres of forested watershed properties located in Mendon and Rutland Town.

The sale of timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of potable water. All timber sales conducted on City property are designed to promote long term improvement of timber quality and wildlife habitat while providing periodic income in the sale of veneer logs, sawlogs, pulpwood and firewood.

The City's ornamental tree program continues to add beauty and shade to our streets and parks. During the year, eighty one trees were planted with forty one of those trees transplanted from our tree nursery. The systematic pruning program begun in the fall of 2000 is continuing with an additional six hundred trees pruned to improve form, provide street and sidewalk clearance, and to improve traffic safety. Because of our City's continuing dedication and commitment to our shade trees, Rutland received its tenth straight "Tree City, USA" award from the National Arbor Day Foundation. Unfortunately the severe storm we experienced on July 1st (the first day of the fiscal year) consumed about one half of the annual maintenance budget, preventing us from performing more proactive work on our trees.

A great deal of 2001 was spent assisting other Divisions within the Department of Public Works in vegetation management. Some of the more overgrown street right of ways were cleared in conjunction with the Streets Division to address public safety concerns. Approximately one half mile of water transmission mains were also cleared in conjunction with the Water Distribution Division. The Forestry Division also assisted in several restoration projects at water and sewer worksites around the City as well as landscaping around City Hall. The Forestry Division assisted the Department of Parks and Recreation in clearing around Rotary Park for new fencing and also continued to expand the species diversity of Main Street Park's Arboretum with new plantings.

The Forestry Division extends its sincerest gratitude to all other members of the Department of Public Works for their assistance during this fiscal year. A thank you to the citizens of Rutland for their patience and understanding involving matters with our beautiful trees is also extended. Together we make Rutland a great place to live and work.

Streets Division

Paul G. Clifford, Streets Division Manager

I would like to take this opportunity to thank the members of the Rutland City Department of Public Works Street Division for their hard work over the past year. Although the winter months were mild compared to past seasons, the icy road conditions, flooding and sidewalk maintenance kept us very busy. Special thanks to our "Hot Mix Crew" led by Brian Schaner. Our sidewalk paving program has been very successful to date and we anticipate further long term projects in the future. Our cement crew deserves much credit as well, repairing old cracked and broken sidewalks throughout the City. To our office staff and Equipment Maintenance Division, thank you also, for the hard work you do. To our Engineering Division, thank you for your help with our many projects. To Dave Schneider, City Forester, thanks for always being there and giving 100%. Finally, I cannot forget the other divisions of the D.P.W., without your help throughout the winter months, we wouldn't be able to deliver the level of service to the taxpayers as we do. I've been Street Division Manager here for five great years and I must say it gets better every year. We continue to create new and innovative ways to better serve the people of Rutland and I assure you as long as we maintain a team concept we will continue to do so.

The members of the Streets Division are:

Dan Maniery
Karl Rusiecki
Rick Battles
Fred Rathjen
Jim Lawrence
Kevin Schaner
Erwin Pinney
Brian Schaner
Mike Denno
George Rogers
Lee Carrara
Bill McGinnis
Craig Burton
Rick Brodowski

Equipment Maintenance:

Steve Longley
Pete Billings
Kim Moriglioni

Water Meter Division

Mary Anne Courcelle, Meter Division Supervisor

The Meter Division is responsible to read approximately 6,000 water meters each quarter, investigate complaints of high billing and replace meters as necessary. Special readings for real estate closings, water turn off and on and associated record keeping is the responsibility of the Division. The meter crew also assists the other Public Works Divisions in emergency situations such as water main leak repairs and snow removal.

The Meter Division is in the process of upgrading existing meters with new electronic "touch pad" type meters. This project is over 70% complete with 4399 meters upgraded to-date. 769 touch pad meters were installed in the past fiscal year. I would like to thank the residents that worked with us to replace their meters.

We will be directing our efforts in the upcoming year to start a Backflow Prevention Program for the City of Rutland. The Meter Readers/Installers attended training and are now certified backflow prevention inspectors. This training will enable us to install devices in potentially hazardous situations and protect water lines from contaminants that can be drawn into the system. I would like to make special thanks to the staff for their commitment to this program.

The Meter Division staff has done an exceptional job in their efforts to notify owners of possible leaks and high water usage as the meters are read. We are confident that any sign of a leak is reported to the property owner at the time the meter is read. Immediate action to make needed repairs, instead of months later when billing is received, is a great savings to many residents and property owners.

Water Distribution

John Havens, Water Distribution Manager

- 9 new domestic taps
- 1 - 4" sprinkler connection at St. Peter's Rectory
- 4 service relays
- 1 disconnect
- 40 curb box repairs
- 10 curb box replacements
- Replaced 9 old hydrants and installed 1 new hydrant. Repaired 3 City hydrants and 3 private hydrants.
- Performed 2 hydrant flow tests for sprinkler and insurance companies.
- 2 main valve repairs
- 2 main valve replacements
- 9 water leak repairs
- New water main installation
- Replaced the old 3" water main on Williams St. between Lincoln Ave. and Elm St. with 440' of new 8" D.I. pipe and installed 1 new hydrant.

I would like to thank the members of the Water Department and other Public Works personnel for their assistance during this past fiscal year.

Water Treatment Division

Mike Garofano, Water Treatment Manager

Scott Taggart, Asst. Water Treatment Manager

The City of Rutland's Slow Sand Water Filtration Facility treated a total of 808,429,400 gallons of water during the last fiscal year. That equates to approximately 2,214,875 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilic acid (fluoride), and zinc-orthophosphate for corrosion control.

Work began in February 2002 on the construction of a new 2.5 million gallon water storage tank. The tank has a projected completion date of October 2002. Natgun Corporation of Wakefield Massachusetts is the general contractor.

This past year we began extensive work in our reservoir area. Divers were hired to remove sediment that had accumulated around the inlet pipe since 1954 when the reservoir was put in service. We also started placing riprap around the perimeter of the reservoir to protect the shoreline from erosion.

Security and continued surveillance of the city's water works is of paramount importance for the safety of our citizens and we will do our best to insure that we produce a product that is safe.

We would like to thank everyone that has helped us throughout the year.

Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

David P. O'Neill, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 1,761,320,000 gallons of water.

To aid in the treatment process, the following chemicals were used:

Sodium Aluminate—for phosphorous removal	41,753 gallons
Sodium Hypochlorite—for disinfection	30,416 gallons
Sodium Bi-sulfite—for de-chlorination	17,477 gallons

The Treatment Plant consumed 1,378,000 kilowatt hours of electricity.

Materials removed from the waste water stream include:

Grit, Sand and Gravel	62.5 cu. yds.
Raw Sludge	9,613,713 gallons
Secondary Sludge	14,762,549 gallons

4,855 cubic yards of digested sludge cake was produced and sent to a New York State compost facility.

This facility operated within the conditions of the discharge permit throughout the year.

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant. Some of the larger tasks that were accomplished this year include:

Replacement of Gas Compressor No. 4.

Replacement of digester sludge recirculation pump No. 2.

Installed three new mechanical pump seals at the River St. Pump Station.

Rebuilt No. 2 pump at the River St. Pump Station.

The operators at the Treatment Plant played a key role in the successful completion of these ambitious projects. Their hard work and dedication was made evident when the City received the Plant Excellency Award for Operations and Maintenance from the United States Environmental Protection Agency for the year 2000.

We extend our sincere appreciation for the assistance and cooperation extended to us by the other divisions in the DPW, the Mayor, Commissioner and the Board of Aldermen.

Wastewater Collection Division

Paul Julius, Wastewater Collection Manager

The Wastewater Collection Branch has completed the following work for the fiscal year 2001-2002 with the following employees:

Sewer Specialists	Backhoe Operators
Steve Davine	Bradley Frederick
Bruce Taylor	William Santwire
Robert Tyler, Sr.	
Arthur Nemeth	

The Wastewater Collection Division maintains and cleans the city sewer systems; basins are cleaned with a Vaccon truck. The Division also responds to sewer complaints and emergency situations.

The Wastewater Collection Division also works with other Divisions on snow removal, sanding and salting streets and sidewalks.

Catch Basins replacements	20
Total footage of pipe	16 feet
New Basins	18
Total footage of pipe	26 feet
Repairs to sanitary mains and sewers	4
Total footage of pipe	116 feet
Repairs to storm sewers	2
Total footage of pipe	86 feet
Repairs to manholes	10
Respond to sewer problems	37
Replace manholes	8

Rutland Recreation & Parks Department

EJay Bishop, Superintendent

I am pleased to submit the annual report of the activities and accomplishments of the Recreation and Parks Department for the fiscal year of 2001-2002.

Our department has been in an exciting transitional period during this past year. First, we have been extremely fortunate to hire two new outstanding professionals. Cindi Wight, your new Recreation Director, started in November of 2001. Cindi was born and raised in LeRoy, New York and came to us by way of San Juan Island, Washington and Middlebury, Vermont. She brings with her a wealth of talent and a great attitude to make Rutland a better place. She is in charge of our recreational programs with help from Program Directors Lori Hickey, Lou Illinski and David Byrne. Dave is also new to the department in a fulltime capacity as of October 2001. Dave hails from Canada and he brings with him a tremendous passion for youth recreation that will only elevate our existing programs and develop new ones. Both Cindi and Dave have stepped in and immediately made a positive impact with this department. Lou Illinski has assumed more responsibilities and he too has done a fine job.

It is extremely important for me to recognize all of our fulltime staff at the Recreation and Parks Department. They all continue to work diligently for this community. Bill Reardon and Betty Mumford have devoted most of their adult lives to this department and to the residents of Rutland City. They both continue to amaze me with their true passion for this department, I am truly fortunate to have their wisdom nearby and a simple thank you barely seems adequate. Thanks to the program staff consisting of Cindi Wight, Lori Hickey, Lou Illinski and David Byrne who all have done a fantastic job with the sometimes daunting task of organizing all of the various programs that we offer. Additionally, a sincere thanks to Jeff Pratt, Ed Griffiths, Steve Canney, Hiram Brown and Jean Mattsson who all continue to keep this department running from behind the scenes. Finally, Bob Peterson deserves a special mention; he has continued to take a leadership role in this department showing his genuine concern for this community through his efforts and pride in his job. They all keep this department on track and moving forward and for that I am grateful.

I am very thankful for the trust and confidence the Mayor and the Board of Aldermen have shown in me. With their continued support, we have been able to address some of our capital improvement needs. A portion of our infrastructure is still in need of repair and upgrading. However, I'm happy to say that Monsignor Thomas Connor Memorial Park is nearing completion of its overhaul. All the while, we continue to lay the ground work for other projects at Rotary Park, Giorgetti Park, Pine Hill Park, Main Street Park and River Street Park to name a few. I will work towards improving all of the parks, but I have begun to better appreciate the meaning of the word patience. It is imperative that we don't underestimate the importance of a sound maintenance plan once some of these projects are completed for without the resources to maintain our park system we will only find

ourselves back where we started and that is not acceptable.

The future still holds exciting opportunities that we must explore. On the horizon are two very exciting projects that are steadily moving forward. We continue to work on the possibility of acquiring additional land adjacent to Pine Hill Park. This will be a tremendous asset to this community and it will help transform Pine Hill Park from a "diamond in the rough" to a sparkling gem! Secondly, the goal to have a true community recreation center is still moving forward and I hope to see some steady movement with this project. If we can all work together I'm confident we can accomplish this goal.

I'm very proud of where this department is, however, we will continue to add to and enhance the programs offered by this department to the residents of the City of Rutland and its surrounding community. We rely on the ever-increasing number of volunteers who selflessly give of their time, expertise and commitment to our community. I find it important to constantly remind us all that the combination of volunteers, local organizations, businesses, part-time staff and our full-time staff provide the framework that allows this department to flourish. Thank you all for being a positive influence in our community, you do make a difference.

Remember our door is open to you to come in and share concerns, make suggestions or get involved. We all share in the responsibility to play an integral role in helping to develop viable contributing members to our society.

FACILITIES

Alexander Keefe Memorial Park—On Water Street
Playground equipment

Center St. Alley Park—Inside the downtown block formed by Wales, Center, Merchants Row and Washington Streets.
Amphitheater, benches and picnic area.

Cioffredi Complex—Off Temple Street
2 Softball Fields and open space.

Dana Recreation Center
39 East Center Street / Telephone number 773-1822; Fax 775-2030
Recreation Department Offices, program/meeting rooms, and gymnasium.
Additional offices for: Crossroads Arts Council, Killington Music Festival, First Night Rutland, RSVP, Headstart Classroom
Associated with: Drum Journeys of Earth

Depot Park—On the corner of Merchants Row and Evelyn Street
Benches and gardens, home of the Farmer's Market from spring through fall. In conjunction with Rutland Partnership, Friday evening concerts were held in the park throughout the summer.

Giorgetti Athletic Complex—Off Oak Street Extension

Telephone number 775-7976

1 Baseball Field, 1 Softball Field, Soccer area, Zero Gravity Skate Park, ice-skating rink, playground equipment and open space.

Godnick Adult Center

1 Deer Street / Telephone number 773-1853

Recreation Department offices, program/meeting rooms, exercise room, meal site, gazebo, shuffleboard courts and open space.

Justin Thomas Memorial Park—On the corner of Madison and Prospect Streets
Gazebo, playground equipment and picnic tables.

Main Street Park—On Main Street between West and Madison Streets
Arboretum, gazebo, and benches.

Monsignor Connor Memorial Park—Off Meadow Street

2 Basketball Courts, 3 Tennis Courts, 2 Softball Fields (one with lights), open fields, and playground equipment.

Pine Hill Park—Next to the Giorgetti Athletic Complex

Hiking and mountain biking trails.

River Street Park—On the corner of River and Meadow Streets

Playground equipment and a picnic table.

Rotary Park—Off North Street

Field House, playground equipment, 1 basketball court, 1 youth baseball field and 2 handball courts.

White's Memorial Park—At the end of Avenue B

Swimming and wading pools, pool house, playground equipment, 1 youth baseball field, 5 tennis courts and 2 basketball courts.

DANA RECREATION CENTER

The Dana Recreation Center is the main office for the Rutland Recreation and Parks Department. Located at 39 East Street, the Dana Center offers a wide selection of programs, services and activities for all the citizens of the community.

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 2002.

The Board of Health consists of Robert Beauchamp, R.Ph., Michael Durkin, RN and William A. Pratt, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of the City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality regulations.

We have all heard or read about Lyme Disease and have hoped that it will remain a problem that will not affect us in our area. However, while the risk of contracting Lyme Disease in Vermont remains low, the deer ticks that transmit this disease have been found in both the northern as well as the southern areas of Vermont. This information was gathered by both the Vermont State Health Department through testing of our canine friends in the southern part of the State and the Departments of Forests, Parks and Recreation and Fish and Wildlife by collecting data on the number and species of ticks found on deer during hunting at check points throughout the State.

The Department of Health will continue to monitor and expand upon this knowledge through a collaborative effort with the departments of Health; Agriculture; and Forest, Parks and Recreation to collect ticks from selected veterinarians in every county in the State. These veterinarians will be collecting ticks off their canine patients and submitting them for testing. This project began in the spring of this year.

Lyme Disease is transmitted when an infected tick attaches to the your skin for a blood meal. However, for them to transmit this disease these ticks normally have to have been attached for at least 24 to 72 hours. Not all ticks transmit this disease. In our area, it is mainly the deer ticks that are responsible for this transmission.

Be aware that deer ticks live in wooded, brushy and grassy areas, including lawns and gardens. Thus those of you who spend a great deal of time outdoors would be at a greater risk. We are also more likely to get the disease in the spring and summer, as this is when we spend the most time outside and are often attired in clothing that exposes a large quantity of skin.

Remember, if we all use our heads and a little common sense, we should be able to have a safe and healthy summer. However, should you find a tick on yourself or a member of your family, contact your health care provider for proper instruction for removal of it from your person. The same holds true should you find a tick on your cat or dog, contact your veterinarian for proper instruction of how to safely remove the tick from your pet.

The following are some tips for personal protection against this disease:

- Wear light colored clothing so that ticks may be easily spotted on your clothing.
- Wear long pants and long-sleeved shirts with closed shoes and socks to minimize skin exposure to ticks.
- Tuck your pant legs into your socks or boots and tuck your shirt into your pants to form a barrier to tick attachment.
- Use tick and insect repellents containing DEET or permethrin to pants, socks, and shoes to protect against Lyme Disease. DEET containing preparations should be used sparingly, not applied to face or hands and should not exceed 10% concentrations for children over 3 years of age and 30% for adults. DEET should not be used on infants or children under age 3 without first consulting your health care provider. Follow the label instructions carefully!
- Walk in the center of trails to avoid overgrown grass and brush.
- After being outdoors in areas where there may be ticks, remove, wash and dry clothing.
- Check for ticks, looking particularly for what may look like nothing more than a new freckle or speck of dirt.
- Check pet for ticks.

On behalf of the Board of Health and myself, I would like to thank Mayor Cassarino, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

Board of School Commissioners

Michael R. Dick, DMD, President,

Board of School Commissioners

Mary E. Moran, Superintendent of Education

To the Citizens of Rutland City:

It is a pleasure to provide this report to Rutland's citizens regarding the status of the city school system.

It is the goal of the Rutland City Public Schools to provide the best quality education at the most affordable cost. To do so we have established Great Expectations for teaching and learning. We promote the highest possible performance standards for educators and others who contribute to the education and welfare of our children, and we demand the highest possible performance standards for intellectual growth and behavioral expectations for all of our students.

The attached "Report Card" on student achievement provides a summary of three standardized measures of student achievement. We review these results, share them with parents, and seek to use them to improve our educational programs. We think that the Report Card is important and we will continue to publish our results.

The Rutland City Public School District is comprised of six schools and three special programs serving almost 3000 students, led by a talented and dedicated administration, faculty and staff of approximately 450. For a more detailed profile of our schools and community, please contact my office at 6 Church Street (773-1900) for our *School Report Card*, which highlights assessment results and activities in all our schools.

Northeast and Northwest Schools continue to serve approximately 275 students in Kindergarten through Second Grade. The Pierpoint Primary Learning Center, located at the former regional library, houses 60 students in grades K-2. We are in the fifth year of full-day Kindergarten, a program which we feel serves young children well and gives them an even better head start on that most important area: learning to read. Our state reading assessment results (DRA in following charts) clearly indicate that we are being successful in this vital learning area.

The Rutland Intermediate School, located at the former Rutland High School site on Library Avenue, serves approximately 760 students in Grades 3-6. The Rutland Middle School located on Library Avenue, serves 400 students in Grades 7 and 8. The enrollment continues to increase at Rutland High School where we currently have 1200 students. Approximately 260 students attend the full time program at the Stafford Technical Center, and over 800 adults take part in our Adult Education program. Our relationship with Vermont Technical College will enhance and expand educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students from Rutland Town, Mendon, Chittenden, Danby, Hubbardston, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge continues to increase. In July 1993-94, there were 153 tuition students at Rutland High School. We now have 336, an increase of over 100%. New pro-

grams, including an increase in the Advanced Placement and honors courses, an infusion of modern technology and additional offerings in the Arts at Rutland High School, have contributed to the increasing attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Alternative Education Program (AEP), located at the Howe Center, serves 50 high school students in an off-campus alternative education and service program designed to prevent students from dropping out of school. The SUCCESS School serves approximately 45 students in grades K through 12 who have had difficulties in adapting to a traditional classroom and school environment. This program combines academics, adventure-based learning, work and community service in a way that better meets the needs of these students, and also ensures that all of our schools maintain a safe, orderly, disciplined environment. Finally, the Early Essential Education Program serves thirty 3 and 4 year olds.

Our goal is to continue to work cooperatively with the municipal side of city government, pursuing every possible way to create cost savings and enhanced collaboration. We continue to lease the former Dana School to the city Recreation Department as part of a five-year program, providing relief to that department and to city taxpayers. We have developed a wonderful relationship with the department and its Superintendent, E.J. Bishop, keeping in mind that all of the schools are available for Recreation Department Programs and activities throughout the school year, as well as in the summer.

In addition, we continue to provide rent-free space for the Boys and Girls Club to support increased recreational and cultural opportunities for area teens. The Club, with over 900 members, is located at the former Southeast School with late afternoon, early evening and Saturday hours in a very well supervised environment. We are currently working to assist the Boys & Girls Club in finding a new home, closer to downtown, in order to accommodate their ever-increasing membership. We also provide rent-free space to house the United Way of Rutland County in the Longfellow Building as part of our commitment to community service. Each member of our administrative team serves on at least one community board or project as we continue to strive to model the goal of "giving back" to the communities in which we live.

In the past year, we have brought in more than \$1,000,000 in support to the system that would not otherwise have been available had we not focused on grant acquisition. Our plan is to increase upon that figure for the benefit of city taxpayers in the future. Working with the Rutland Central Supervisory Union (Rutland Town, Proctor and West Rutland), we are about to begin the third year of a three year federal 21st Century Community Learning Center Grant to support the Tapestry Program which offers expanded after-school, Saturday and summer enrichment and remediation opportunities to our kids. Close to 500 students have taken part in the Tapestry Programs to date. We are vigorously seeking continuation of the funding to support this highly successful program.

We look forward to continuing to work with you, our staff, and the students and families of Rutland City as we provide the very best possible education for our community.

Rutland City Public Schools "Report Card"

There are many methods to evaluate the quality of schools. These include both objective and subjective measures in areas including: the quality and academic preparation of faculty, administration and staff members, community support and involvement in the schools, curriculum and instructional programs, assessment of student progress, student support services, library/media services, positive school climate, facilities and other related services.

The New England Association of Schools & Colleges (NEASC) provides a nationally recognized comprehensive evaluation/accreditation process that allows schools to be measured against an agreed upon set of standards that are indicators of school quality and success. All six Rutland City Schools took part in this rigorous process of self-study, reflection and evaluation in preparation for the arrival, in March of 1998, of visiting teams of professional educators who assessed each school to determine the degree to which we are meeting the Standards of Accreditation. We are very pleased to report that all five of our City schools as well as the Stafford Technical Center were awarded full accreditation status by the NEASC. This process does not, however, end with the vote of accreditation. There is a rigorous, ongoing follow-up process in which all schools must participate to maintain their accredited status. All of our schools are doing so, with very positive results.

One of the most important Standards of Accreditation is the "Assessment of Student Learning Standard" in which we are asked to measure both individual and school performance. There are many ways to measure and report student progress on a day to day basis. Teacher observation, reports, tests, projects, essays, oral reports, work samples and portfolios are but a few examples. In addition, it is important to have the information that external, standardized tests can provide. Such assessments include the PSAT, SAT I, SAT II and the Advanced Placement Exams administered by the College Board as well as nationally developed norm-referenced and standards-based tests.

The results of the following three assessment programs allow the Rutland City Public Schools to provide an annual "Report Card" to the citizens of Rutland.

Students in the Rutland City Public Schools took part in three major assessment programs in the Spring of 2002, the **Vermont Developmental Reading Assessment**, the **Terra Nova Multiple Assessments**, and the **New Standards Reference Examinations in Language Arts and Mathematics**. There are several important purposes of these assessment programs. The primary one, of course, is to help individual students to learn, grow and improve their school performance over time. In addition, a varied and comprehensive assessment plan seeks to support the evaluation of programs, the revision and improvement of curriculum and instructional methods, the development of comprehensive professional development and the selection of new texts and other instructional materials.

The **Terra Nova Multiple Assessments** are norm-referenced tests. As such, they are designed to compare the performance of an individual student or group to another student or group by distributing performance across a normal curve. If a student is at the 66th percentile, this means that the student performed better than 66% of the students in the national group. The results of the 2002 Terra Nova tests indicate where our students stand in relation to over 750,000 students who took these tests nation-wide. A chart showing a comparison of results from 1997 through 2002 is at the end of this report.

TERRA NOVA	Reading	Language	Math	Science	Social Studies
Grade 3:	61%	58.5%	68%	63.7%	55.4%
Grade 5:	61.8%	53.3%	54.8%	59.7%	57.8%
Grade 7:	63.3%	61.1%	54.7%	52%	52.3%
Grade 9:	67%	69.1%	68.2%	61%	66.2%

The **Vermont Developmental Reading Assessment (VT-DRA)** is an individually administered, standards-based reading assessment administered at the end of grade 2. This test determines the highest rate of text difficulty at which students read with acceptable accuracy and comprehension. In the VT-DRA, proficiency levels are: Achieved the Standard with Honors, Achieved the Standard, Nearly Achieved the Standard, Below the Standard and Little Evidence of Achievement. The following results are for 2001.

	Rutland	Vermont
• Achieved the Standard with Honors	41%	45%
• Achieved the Standard	34%	33%
• Nearly Achieved the Standard	15%	12%
• Below the Standard	7%	5%
• Little Evidence of Achievement	2%	5%

The **New Standards Examinations in Language Arts and Mathematics** are standards-based tests which describe student performance against a set of defined standards. Results are reported by proficiency levels which represent the degree to which the student has attained the standard. In the New Standards tests, these proficiency levels are: Achieved the Standard with Honors, Achieved the Standard, Nearly Achieved the Standard, Below the Standard and Little Evidence of Achievement. Rutland City and Vermont results are shown on the following chart. They indicate how well students in Grades 4, 8 and 10 are achieving the standards and compares these figures to all students in Vermont. A chart showing a comparison of results from 1997 through 2002 is at the end of this report.

*The 2002-03 Block Grant totals \$14,929,102.00. Of this amount, \$7,322,612.00 will be collected by the City Treasurer as the State Wide property Tax and distributed to the school system as it is collected.

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school aged child who is not currently being served, please contact the Support Services Office at 773-1917.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of Rutland:

In the weeks and months following our national tragedy on September 11th, the library was overflowing with people in need of information, in need of a place to share grief in need of a means to communicate with loved ones quickly, in need of a place to retreat to. This experience was noted in public libraries across the country. All of our services were put to use as we helped people find maps, make connections, read about Islam and ponder on terrorism. We did this through reference help over the phone and in person, through programs in the Fox Room, through the provision of current reading materials on topics not of interest September 10th, and through the availability of fast and free Internet connections. The library as a community center in a time of great need was possible because of community tax support. Just as it takes a community to raise a child, it takes a community to keep the doors to information open, rather than closed.

The loss of nearly 20% of our operating funds due to one town's withdrawal of support in March 2001 had a profound effect upon our level of service this year and ultimately, upon all library users in the region. To live within a dramatically reduced budget we did not replace two full-time staff members who departed through retirement and resignation. This required a reduction in library hours, which directly limited access to reference services, the Internet and programming. Ironically, the book budget never suffered since it came from an endowment revenue stream, but the joining of people and books was severely hampered when the library was forced to close its doors on Wednesday mornings and all day on Fridays in January for six months.

In addition to a savings through staff attrition, the library sold off three of its four Tasha Tudor original drawings, increased overdue fines, installed a beverage machine in the lobby, put out a donation box, and held a raffle for a new computer and printer, donated by a board member.

Throughout the fall trustees and selectmen from four towns plus Sharon Davis, representing the city, joined together to hammer out an agreement for funding that all hoped would help stabilize the library's financial situation. At the town meetings in March Rutland Town re-supported the library while Mendon, Ira and Tinmouth all increased their own taxes in a range of hikes from 21% to 29%, setting the stage for FY 2002-03.

While our service level was unhappily reduced out of necessity, the library's focus and commitment to improving library services did not waver. In August and with the help of a \$50,000 grant from the Vermont Department of Libraries we migrated from an outdated automated catalog and circulation program to an Internet-based system that supplies full color graphics, extensive details about our books including book covers, reviews, synopses, webpage links and recommendations. We installed four databases available exclusively to library cardholders through our webpage (www.rutlandfree.org). These databases provide full-text magazine articles for adults and kids, recommendations for novels, homework help for children and a subject database for teens and adults.

We also installed four computers through a grant from the Bill & Melinda Gates Foundation that provide software programs for adults and kids, including spreadsheets, word processing programs, games to help children learn how to use the computer and mouse and keyboard tutorials for adults. Fourteen Internet terminals stand available for library visitors every day, serving thousands over the course of the year.

Our book and media collections were both upgraded, with the establishment of a graphic novel collection, and the addition of full-length recorded books on CDs. Currently we are working on a massive overhaul of the large-print collection and increasing the size of the DVD collection just introduced. The entire collection is being weeded, removing dated materials while adding more current works in every field. The library was one of 200 libraries awarded a Library of America collection through a special grant, giving us one hundred classic pieces of American literature printed on acid-free paper.

In 2000 the library completed a third long-range plan, which was awarded an Envisioning Excellence award this past fall, and which helped us to write a successful grant with the Freeman Foundation for \$500,000. This grant, which cannot supplement operating expenses, has been designated for the establishment of a youth collection and gathering place in the library, outreach services to teens and seniors, the expansion of our book collection, the introduction of fourteen exclusive databases on our webpage, and some building upgrades: air conditioning, carpeting, shelving, painting and lighting improvements along with more seating.

With funding currently stabilized, with our commitment to quality library service strong and with the help of the Freeman Family Foundation the library is poised to move forward to meet the demands of a rapidly changing world.

Rutland Redevelopment Authority

Frank Heald, Chairman

Matthew Sternberg, Executive Director

Rutland Redevelopment Authority is pleased to present this report on activities during the 2001-2002 fiscal year.

The primary focus of the redevelopment program continues to be relocation of the rail switching yard. An initial feasibility, completed in July 2001, indicated that the project would have minimal environmental impact, clearing the way for preparation of the Environmental Impact Statement, the federally mandated environmental review. Funded by a \$380,000 State appropriation, RRA started the environmental studies and conceptual engineering. In December the project was further bolstered by a \$1.5 million Federal grant secured with the help of Senator Jim Jeffords. This funding should carry the project through the EIS phase.

Aside from the technical benefits for economic development and transportation, the project has had a positive effect on the process of transportation planning in general. Since much of the railyard project lies in Rutland Town, it was imperative that the Rutland Town Select Board be actively involved. The Intermunicipal Committee of the Board of Aldermen took up the challenge, and in 2000 successfully formed a joint committee of City Aldermen and Town Selectmen to monitor the project. This spirit of cooperation carried over to a similar joint committee formed to identify improvements to Routes 4 and 7 in the City and Town. Further, the railyard project has been a catalyst for improved collaboration with towns along the entire western side of the state. RRA is committed to helping the Aldermen continue this trend.

The Federal grant secured for the railyard will also fund an extension of the new lighting program along Strongs Avenue downtown. This improvement will be installed early in the next fiscal year. Additionally, the grant will fund a project with The Orton Family Foundation's CommunityViz program. This effort will produce three dimensional computer generated images of the railyard improvements, helping the community at large to better visualize the changes being proposed. During the year RRA also received a \$200,000 grant from the US Environmental Protection Agency to study potential brownfield contamination in the current railyard, clearing the way for redevelopment of those sites when the tracks are moved.

As mentioned above, Rutland City and Rutland Town collaborated on plans to improve Main Street and Woodstock Avenue. The strength of the two municipalities working together helped secure \$350,000 to construct several key elements of the program despite the fact that this work was not included in the initial State budget proposal. The same effort secured an additional \$400,000 for Act 250 expenses related to the railyard. Both of these appropriations will be available in the 2002-2003 fiscal year.

In response to growing community concern about the employment base, RRA is working in collaboration with the Mayor, Aldermen and regional economic development agencies to formulate a new industrial recruitment program. Efforts at near-term economic development have not been effective over the past three or four years, so a new approach is needed. All parties agree it must be a regional

effort rather than having individual municipalities and organizations acting independently. Launching the program is a top priority for the new fiscal year.

Although major economic development challenges face Rutland in the immediate future, RRA is encouraged by the growing sense that the community is drawing together to solve the problems. By focusing on Rutland's many strengths and using shrewd judgment in targeting industrial recruitment efforts, the City will succeed in this ambitious undertaking.

Downtown Rutland Partnership

Patty Ryan, President

Mary Ann Goulette, Executive Director

To the Honorable Mayor, Board of Aldermen,
Members of the Special Business District and
Citizens of Rutland City:

I am pleased to present this year's annual report of The Downtown Rutland Partnership. As the newly appointed Executive Director, I am honored and eager to serve the members of the Special Business District and the City of Rutland. Having been born and raised in this area and having recently returned to the Rutland area, I welcome the opportunity to help develop and maintain a quality of life that Rutland residents have come to know and enjoy.

Our vision is to ensure that Downtown Rutland remains beautiful and dynamic with an energetic economy and healthy community. Our mission, adapted in 1989, remains true today: *Our purpose is to manage, market and maintain the Downtown Rutland special benefits district and advance those activities that will improve the vitality of the business community and enhance the cultural and physical climate of the district.*

The Partnership remains focused on four areas of services to its members: Special Events, Marketing, Business Development, and Streetscape.

Special Events: With every year our special events, such as Summer Sounds - Concerts in Depot Park, Flicks Downtown and Chili Challenge grow in popularity with locals and tourists. These calendars of events are marketed throughout Rutland County and beyond. We strive to increase awareness and continue to produce these free events with the same level of enthusiasm as when they first began.

Marketing: Beginning with our web page rutlanddowntown.com, annual sidewalk sales, and our new downtown brochure and directory, the Partnership invests heavily to market our downtown as the place to shop, dine, visit, be entertained and have fun! By combining our efforts, we provide a service to our members who otherwise may not have the opportunity on their own. We also strive to work with other organizations in the community to collectively market our region to every tourist, local and passerby.

Business Development: Downtown Rutland provides a perfect setting to do business. The Partnership currently promotes our downtown through Trade Fairs and a leasing brochure. This year's plan includes conducting a merchandising mix analysis and utilizing the City's GIS system to identify needs and opportunities within our downtown.

Streetscape: Our goal is to maintain a safe and attractive setting for our visitors. Items such as Christmas décor, banners and flags, and flower gardens add to the aesthetics of an attractive downtown.

My staff consists of Tammy English as office coordinator and Mary Kay Skaza as marketing coordinator. Together we welcome your ideas and input. Please stop by our office at 103 Wales Street, call us at 773-9380 or email us at downtown@vermontel.net.

Rutland Economic Development Corp.

David J. O'Brien, Executive Director

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Ever since its beginning in 1937, REDC has sought to bring together local business and community members to improve the Rutland region. From our first project to provide parking for downtown merchants to the many loans we currently provide to local business owners, we have remained committed to the concept that the standard of living and quality of life of the region's citizens can best be served by a vibrant, healthy economy, sensitive to the environment and preservation of our cultural heritage.

Our goal, therefore, is to attract and retain businesses that will provide quality job opportunities so that all of our citizens benefit. By working with companies to find suitable buildings in which to grow, obtaining state tax credits, and financing through various means, REDC helps many small businesses grow and prosper in Rutland County. Our partnership with the Small Business Development Center (SBDC) and Vermont Manufacturing Extension Center (VMEC) means that we can support these small businesses even further with other services that will increase their efficiency and profitability. More information about our many services is available on our website at www.rutlandeconomy.com or by e-mailing us at redc@rutlandeconomy.com.

Rutland County Solid Waste District

Jeff Wennberg, District Manager

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Rutland County Solid Waste District offers a variety of solid waste, recycling, waste education, household hazardous waste, composting and administrative support programs for our sixteen member municipalities. Some services are also available to non-District communities on a fee-for-service basis. In addition, the District operates a regional drop-off center and transfer station at Gleason Road in Rutland City. District program, facility and rate information is now available on our web site, rcswd.com.

Waste Disposal: During 2001, residents and businesses in our member municipalities disposed of approximately 35,000 tons of municipal solid waste, nearly all of it through the District's master disposal contract with Casella Waste Management. For most of the year, the cost of disposal, handling and transportation from the District Transfer Station at Gleason Road to the landfill was \$66.57 per ton. State taxes, district surcharge and the Rutland City Host Community Fee totaled \$23.97, for a final disposal cost of \$90.54 per ton.

Recycling: The District owns a Material Recovery Facility (MRF), or recycling center, off West Street in Rutland City. The MRF accepts seventeen recyclable commodities for processing and sale for re-use. Commodities include fibers such as cardboard, newspaper and office paper; three colors of glass; plastics such as milk jugs and laundry detergent bottles (#2 HDPE), soda bottles (#1 PETE), plus tin and aluminum cans. Last year 10,718 tons of recyclables were processed at the MRF.

Household Hazardous Waste: Rutland County Solid Waste District operates an extensive Household Hazardous Waste (HHW) program for district residents. The program operates year-round from the Gleason Road facility, and scheduled collections at twenty town transfer stations on Saturdays between spring and fall. Not including used motor oil, tires and asbestos, which the District also accepts at Gleason Road, the HHW program collected 7,370 gallons of everything from anti-freeze to pesticides, 12,062 linear feet of fluorescent tubes and 27,096 pounds of computer and electronics in 2001. To encourage proper disposal of these items, there is no charge to District residents for HHW services, except for electronics. Last year 1,078 Rutland County households delivered hazardous waste for safe disposal through this program. District waste surcharge fees paid for \$46,000 of the \$78,000 cost of this program.

Other Programs: The District also offered other waste management and reduction programs, including construction and demolition waste, yard waste, clean wood, food waste and concrete and asphalt "earth materials" recycling. The District recycled 1,810 tons of waste concrete and asphalt last year. In January, the District collected and processed over 1,200 Christmas trees through the "Merry Mulch" program. The District's food waste program is operated in cooperation with the Rutland County Natural Resource Conservation District. Customers include supermarkets, greenhouses, restaurants and produce distributors. In 2001, composting programs diverted 650 tons of compostable food and yard waste from the landfill.

Management Issues: The District successfully resolved a number of long-standing issues during 2001, including restructuring short-term debt and reworking the operating agreement for the Material Recovery Facility. These changes put the District on a solid financial footing, as evidenced by the year-end surplus of approximately \$30,000 for 2000 and an anticipated surplus from operations for 2001.

Rutland Region Transportation Council

Mark Germanowski, Regional Transportation Planner

The Rutland Region Transportation Council provides a forum for the development of regional transportation policies and priorities and coordinates the implementation of those policies and priorities with the Vermont Agency of Transportation. It is one of 12 regional "transportation advisory committees" (TACs) that VTrans relies upon for local information and opinion. The financial support for the Council comes from State and federal funds. The Rutland Regional Planning Commission provides planning, administrative, and geographic information system staff to the Council.

All municipalities in the Rutland Region can send a voting representative to Council meetings which are held monthly, on the fourth Thursday, in Rutland. The meetings are open to the public and anyone with an interest in transportation is invited to attend.

Over the past year the Rutland Region Transportation Council has:

- **Adopted** a revised **Rutland Region Transportation Plan** in cooperation with the Rutland Regional Planning Commission;
- Continued to **address seasonal transportation problems** along VT 103, VT 100, and US 4;
- Continued to **assess Rutland Region's top transportation problems** and identified areas that should undergo further evaluation; from a regional perspective, improvements to the Route 7 and 4 corridors are always high priorities;
- Assisted in the **Brandon/Pittsford Bypass Scoping Study** providing social and economic information on the impact of alternative bypass routes;
- Commented on VTrans' Capital Budget and Program;
- Developed a **database** of conditions on the region's State and Class 1 highways to facilitate decisions on **access management**;
- Worked with representatives from Rutland City and Rutland Town to identify **measures to improve US 4 and US 7** in those communities;
- Helped collect **local traffic data** using the Commission's automated traffic counters which are available for use by communities;
- Began development of a program to **assist towns with road inventories** by providing some equipment along with information on a variety of inventory methods. This will include GPS of transportation facilities – culverts, bridges, highway problem areas;
- Informed communities of opportunities presented by new state transportation programs;
- Published and distributed reports, bulletins, fliers, and newsletters; and
- Maintained the Council's web page – www.rutlandrpc.org and click on "Transportation Council."

The Council continues many of these programs and is undertaking other initiatives; please join us in these active efforts to improve transportation in the Rutland Region.

Cemetery Commissioner's Report

Kenneth N. Hart, Committee Member

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The fencing on the west side of the North Main Street Cemetery has been replaced by the City with a padlock holding the gates closed.

There is still restoration of the damaged monuments that could be done in the Cemeteries if funding was available.

The mowing contract for this season was \$2700.00.

Rutland Historical Society

Helen K. Davidson, President

The Rutland Historical Society, which occupies the old Nickwackett Fire House, continues to be a place of great activity. Archival and research materials are constantly received and added to the collections by volunteers who now meet three times weekly to process and catalog these gifts. The Society's materials are available for use during the public hours on Mondays from 6 to 9 pm and Saturdays from 1 to 4 pm. Special arrangements to visit the Society can be made upon request.

During the past year the Society has hosted special programs for school and community groups both at the Society and at other locations. During May and June of 2002 the Society was again host to approximately 300 children who made school group visits. This number also included Home School children from other localities. School groups are provided a special program and a walking tour. Society volunteers also make visits to Rutland area schools upon request.

During the Fall the Society offered free public programs which included: Vermont History Day winner, Anna Whooley, in her interpretation of Ann Story; Robert Cassidy, Castleton State College student, "Tales of Covered Bridges" and "Walking in the Footsteps of Civil War Veterans", Otter Valley Union High School Students of Michael E. Dwyer. The Spring series offered: Vincent Feeney on "The Celery War: Struggle in the Catholic Church", co-sponsored by the Vermont Council On The Humanities; "The Black Presence in Rutland" co-sponsored by the Multi-racial Alliance of the Rutland Area (MARA); Lecture and book signing by Deborah Clifford, author of *The Passion of Abby Hemenway* and Anna Whooley presented a new monologue on "Who Will Defend Us:

The Plea of the Irish Mill Girl," co-sponsored by the Twilight Homemakers Club. The Rutland Historical Society has also made its facilities available for some "history connected" presentations by other organizations. Volunteer members attend meetings and programs of other organizations that are pertinent to Rutland's history or present day functions.

The Society participated in the Loyalty Day Parade with the help of a group of young people from the Hubbardton, Castleton and Poultney area who manned a float commemorating the Baffle of Hubbardton. The Society was also represented in the Halloween Parade with a "Time Machine." In 2002 the Society's summer dance series co-sponsored with the Rutland Recreation Department, was discontinued due to small attendance. The Society continued its participation in Rutland's First Night Program by providing recorded music for dancing and listening in the State Office building. The monthly "Historically Speaking" series continues on Channel 15, the local public access channel. The Series has included advice for genealogical research on French, Polish and Italian immigration to the Rutland area. The Society is now entering its fourth year of programming and can be seen weekly on Wednesdays at 4:00 pm; Thursdays at 1:30 pm; and Fridays at 7:30 pm.

Four Newsletters and Quarterlies were published during the year. Quarterly subjects were, "Fern Cottage: A House of Creativity" by Avery Cleary & Lisa Symonds; "The Baker Seed House" by Priscilla Ellwood Meinking & Angela R.

Hinchey; "The Final Civil War Diary of Charles B. Mead of Company F First U.S. Sharpshooters" compiled and edited by Elaine G. Purdy and "July Guns of Colonial Patriots: The Battle of Hubbardton by Carmine A. Pacca. "Tidbits From Then and Now" by Helen Davidson, continues as a weekly series in *Sam 's Good News*.

The main exhibit of "Eight Generations of Rutland's History" [1770 to 2010] was continued during this year and it has been suggested that it be a permanent exhibit.

The Society's photo reproduction program continues to supply individuals and businesses with a free service in selecting appropriate photos and getting them reproduced. The reproduction costs and framing are the responsibility of the client. The 48-framed photos at City Hall have been very well received. In the past year the Society has been particularly active in the programs of other local organizations.

Additional volunteers have been added to assist in the increased activities of the Society. The Rutland Historical Society is viewed as a well-organized Society and in the forefront of new initiatives among local historical societies.

The Rutland Historical Society thanks its members and the people of the community for their continuing support. New volunteers are always welcome.

Rutland Elders Advisory Board

Theodore J. (Ted) Wierzbicki, Chairman

To the Honorable Citizens of the City of Rutland, VT:

Mayor John P. Cassarino created the Rutland Advisory Board in July, 2001 consisting of (5) five persons living in Rutland City who were at least 60 years of age. The following people were appointed by the Mayor and approved by the Board of Aldermen: Theodore J. (Ted) Wierzbicki, Chairman (3 yrs.); Marie Bingham, Vice-chairman (3 yrs.); Julie Cooper (2 yrs); Shirley Leonard (2 yrs.); and John Pelchat (1 yr.). Since John Pelchat's term has expired after one year, Richard Blongy has been appointed to the Board for a (3) three-year term.

The primary purpose and goal of the REAB is to work closely with **all the Agencies** serving Rutland City Senior Citizens, so as to make them aware of all the support available to them, and therefore help to improve their lives and living conditions. It is **not** the responsibility of this board to solve an individual's problem but to keep them informed as to the Agency which could help them best.

Regular meetings are held on the 3rd Wednesday of each month at the Godnick Adult Center beginning promptly at 2:00 p.m. Special meetings are called as needed.

Notice of meetings and events are always published in the Rutland Herald's Calendar of Events. Other sources of Media are also used to help get people out to these meetings and events. Although the Board has had some success in accomplishing this goal in its first year of existence, we are hoping for more support and participation in the coming year.

Regional Ambulance Service, Inc.

Paul Kulig, President, Board of Directors

Samuel J. Gorruso, Rutland City Representative

To the Honorable Citizens of the City of Rutland, VT:

We are pleased to present our 19th annual report to the Citizens we serve. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for nineteen years. From 1983 to the end of this year Regional has responded to 83,630 ambulance calls. This past year, ending June 30, 2002, the service responded to a total of 6,369 ambulance calls in our 12 communities and an additional 1,426 "Medic One" paramedic intercept calls.

Call volume continues to be high. **We commend our staff for keeping up with the increased demand and for providing excellent service.** We are also very pleased to congratulate R.A.S.C.F.R. Assistant Field Chief MaryAnn Jakubowski for receiving the Vermont E.M.T. of the Year award, Paramedic Supervisor Jim Collins for being honored as our "Star of Life" at the American Ambulance Association's Star of Life celebration and Paramedic Colleen Gilman for receiving the Vermont Safe Kids award for 2002.

With the continued support of the citizens, our employees, and community governing bodies, we have been able to level fund or lower our assessment rate for the past 18 years. Our current assessment rate is \$4.75 per capita and has been lowered to \$4.25 per capita for the next fiscal year. The public support of our Membership program, direct donations, memorials and estate gifts has been vital to our continued success. We extend our appreciation to everyone for their support.

This past year a new ambulance was put into service to replace an older ambulance with over 100,000 miles of service on it. The garage was remodeled to accommodate the 6th ambulance that had been put into service due to the increase in call volume.

Our motto "Serving People First with Pride, Proficiency and Professionalism" is demonstrated by our employee's commitment to continuing EMS training. Each year we have special training in Critical Care Paramedicine, Advanced Cardiac Life Support, Basic Life Support, Prehospital Advanced Trauma Life Support, Pediatric Advanced Life Support, Emergency Vehicle Operator, Bloodborn Pathogen and a variety of continuing education programs. Our professional staff is extremely capable and dedicated.

Monthly C.P.R. classes are taught at Regional Ambulance. Last year, through the R.A.S. Training Center, 1,303 people were certified in C.P.R. Tours, lectures, demonstrations, and C.P.R. classes are available for the general public. Call our office for information on Healthy Homes. For further information call 773-1746.

The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your Representative, if you have any questions concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors, Administration and employees of Regional Ambulance Service, Inc. will continue working to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

List of Unpaid Taxes as of May 16, 2002

The list of unpaid taxes is as it appears on the records of the City of Rutland as of May 16, 2002 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of April 1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest & penalties.

Legend: P=payments being made; *=Paid after May 16, 2002
